

New Tee Tops Improve Quality of Multi-Tee®

With every new product, there is always an opportunity for improvement after the initial production, and the Multi-Tee is no different. Although this product had a **“Guarantee for Life”** for the two upright tee tops, it became evident that these tops were not holding up to the standards that I anticipated. Therefore, I had new tee tops produced that are more durable and will last for thousands of swings. I have been using these new tops in my training center for over four months now and have not had to replace any of them. I feel very comfortable in saying that these new tee tops will last for years to come and I still will keep the **“Guaranteed for Life”** offer in effect for these tops as well.

Multi-Tee Warranty

The two Multi-Tee upright standards are guaranteed for life and if they should break or tear because of normal use, they will be replaced free of charge. All other parts of the Multi-Tee are guaranteed for one (1) year from date of purchase. To request a new upright, please send an e-mail to customerservice@troybaseball.com and report the tee as damaged and a customer service representative will contact you. You will be required to send the broken tee back to Multi-Tee at the address below, before a new upright is sent out. If your upright tee breaks, please report this damage as soon as possible to Multi-Tee.
